NATIONAL ARBOR DAY
April 27, 2001

FROM PAUL HARRIS

"The time was when the warm fellowship of a Rotary club-the kind of fellowship that melts the icy barriers on Main St. And fuses a community-was a luxury. One *could* get along without it. Today-in this age of death-dealing devices which could make moles of all humankind-that brand of fellowship blanketing the earth is a vital necessity."
THE ROTARIAN, Oct. 1945

CONCLUDING THOUGHTS FROM STEVEN WRIGHT

*So what's the speed of dark?
*If you're sending someone some Styrofoam, what do you pack it in?
*Whose cruel idea was it for the word "lisp" to have an "s" in it?
*Since light travels faster than sound, isn't that why some people appear bright until you hear them speak?
*If it's zero degrees outside today & it's supposed to be twice as cold tomorrow, how cold is it going to be?
*Why don't they just make mouse-flavored cat food?

as this is Holy Humor Month.....
Several years ago, the Catholic Church required women to wear a head covering in order to enter the sanctuary. One Sun. a lady arrived without her head covering. The priest informs her that she cannot enter without it. So she leaves & a few moments later the lady comes back wearing a bra tied to her head. And it is abundantly obvious from the bouncing & giggling where the bra came from. The shocked priest says. "Madam, I cannot allow you to enter this holy place without wearing a brassier."

"But Father, I have a divine right," she pleads.
"Yes, I see. And your left one isn't bad either, but you still cannot enter THIS church like that!"
