QUOTES YOU MIGHT HAVE HEARD IN THE 1950s

*If they raise the minimum wage to $1, nobody will be able to hire outside help at the store.
*Kids today are impossible. Those ducktail haircuts make it impossible to stay groomed. Next thing you know, boys will be wearing their hair as long as the girls.
*Also, their music drives me wild. This "Rock Around The Clock' thing is nothing but racket.
*I'm afraid to send my kids to the movies any more. Ever since they let Clark Gable get by with saying 'damn' in 'Gone With the Wind', it seems every movie has a 'hell' or 'damn' in it.
*Also, it won't be long until couples are sleeping in the same bed in the movies. What is this world coming to?
