

***25 Years!***

*Dear President Pat and the Kittery Club:*

*When I think of your anniversary, I think of the lives changed, and the differences in the community that would never have happened without the Kittery Club.*

*I am sorry that I cannot give my congratulations in person -- I will be at another Rotary event on the day. But believe me that my congratulations are heart-felt, and I look forward to being with you in November.*

*I wish you Peace through Service, Marty*
